## PrimeLine®

### All In One Service

**Imagine all your telecommunications needs met by one company, and with only one bill. With McLeodUSA you can.**

McLeodUSA gives you residential features previously available only to businesses - for no extra charge. Our Three-Way Calling allows you to talk to people in two locations at the same time. Call-Transfer lets you connect an incoming caller to another location. With Consultation Hold, you can put someone on hold while you dial out on the same line. You can also add features like Call-Forwarding or Speed-Dialing.

Our PrimeLine® Internet Access package includes unlimited monthly access, seven free e-mail accounts and 6 MB of web space. PrimeLine® Voice Mail ensures you receive every call. If someone calls while you're on the phone or using the Internet, PrimeLine® Voice Mail answers every call, even when the line is busy. You can retrieve messages from any phone, and even be alerted to check your Voice Mail. You can keep your current phone number and you'll always have access to our 24-hour, person-to-person customer care. It's the do-it-all, all-in-one communications solution: PrimeLine.
